

Worship Sharing Queries
SCQM Spring Gathering 2020

How have you been able to act from your spiritual heart in these times? Are there ways your meeting could help?

How are you sustaining hope? What practices are you using that are working for you?

Are there people entrusted to your care? How are you helping with their-or your-experiences of loss, loneliness, lament and longing? What helps them – and you- connect with sources of light and love?

Is there something else on your heart that you feel led to share?
